The Town is developing a Conceptual Plan for the next phase of rebuilding Massachusetts Avenue, between Mill Street and Pond Lane. The Town has been gathering public input on topics such as:

- What makes Arlington Center great?
- What streetscape improvements will make Arlington Center a better place to live, work, and visit?
- What features need to be improved within the sidewalks and public areas such as Broadway Plaza and the streetscape in front of Town Hall?

This is the final meeting of this initial stage. There will be a presentation of the Phase II Streetscape Vision Plan that reflects the input from the many parties who have participated.

The Town of Arlington is matching local funds with Community Development Block Grant (CDBG) funds, administered by the Department of Planning & Community Development, for these planning activities
